

THANK YOU

Thank you for 2023 and looking forward to 2024!

Planning LINKCO's upcoming year includes a look back. Did we honor our mission of "Executive Search for a Circular Economy"? Did we uphold our goal **People, Purpose/Planet, Profit**?

Here's how we relate to our "P's". **People** are always our primary focus and resource. Internally, LINKCO prospers when our employees understand the purpose of our organization and are each given the tools, support, and constructive feedback to enable quantitatively based purposeful outcomes. Externally we succeed when our candidates find the companies and positions that well fit their career goals and skill sets.

LINKCO's **Purpose** is to help our clients and their businesses thrive by assisting them secure brilliant talent. **Planet**: we are mindful of the critical responsibility we all face as earth stewards not to waste or to pollute resources. We lead by example making sure our company rigorously understands the ways we can reemploy our spent resources and the carbon waste and climate risk we create. We endeavor to mitigate these risks to the best of our knowledge and abilities. **Profit** is the outcome of providing our clients and candidates with excellent advice and results serving their talent/career needs.

As you plan 2024, let us know how we may accommodate your upcoming talent needs and when? Here's a link to our "[Thrive 2024](#)" calendar space.
